

Full and Half Marathon Relay 5K Walk

# Lehigh Valley Health Network MARATHON For via

A Boston Qualifying Marathon

September 9, 2012

Run to make a difference  
for people with disabilities

Run or volunteer in the Lehigh Valley Health Network  
Marathon for Via on Sunday, September, 9.

Or join us for our 5K Walk on September 8  
at the ArtsQuest Center at SteelStacks in Bethlehem.

**REGISTER TODAY!**

The Lehigh Valley Health Network Marathon for Via is a unique five-person Team Relay, Full and Half Marathon, and 5K Walk. The course is created by Bart Yasso, Chief Running Officer, Runner's World Magazine, member of the Running USA Hall of Champions and Race Director Emeritus. Runners will love the scenic, net descent course, designed with them in mind.

The LVHN Marathon raises money for Via of the Lehigh Valley's services for children and adults with disabilities like autism, cerebral palsy and Down syndrome. Serving the community since 1954, Via helps children and adults from birth through retirement focusing in Children's Services, Community Connections and Employment. Via provides therapeutic services for children, employment solutions for adults and helps people live a life of significance in the community.

from Allentown through Bethlehem to Easton
