## A Message to Via Employees from the CEO

Dear Via Employees,

This is a challenging time for all of us. Thank you for caring for some of the most vulnerable members of our community. You, our participants and their support systems make up the Via Family and you help promote independence, discover each person's unique talents and provide support needed for success.

I realize you have received an overload of information over the last few weeks – through email, Paylocity and Facebook. These outlets will be updated daily to ensure information reaches as many of you as possible. Please continue to check in with your supervisor and through these modes of communication.

A webpage has been created that gathers all this information in one place: [www.ViaNet.org/COVID19-EmployeeResources](http://www.ViaNet.org/COVID19-EmployeeResources). Here you'll find communications sent from Via, employee resources like FAQ's for PLB and Unemployment Compensation, and COVID-19 Resources.

Please keep yourself and your loved ones healthy and safe. Wash your hands, cover a cough, don't touch your face, stay away from others while sick and practice social distancing.

We are stronger together and we will get through this crisis. Take care.

Sincerely,  
Lisa Walkiewicz  
President/CEO
